          Read Me file for users of Irix 5.3 and PlayStation translator
          -------------------------------------------------------------

                  Alias 8.0 and later are not supported on Irix 5.3.

                  When running Alias 8.0 and the PlayStation translator
               on an Irix 5.3 machine, may cause a Fatal Error in Alias.

                      This has been fixed in Alias 8.1.

In the mean time, the included DSO library file libDtUt.so can be used
to
replace the current version in $ALIAS_LOCATION/ODS/Games/lib.

1) Change to super user

su

2) Save the original file to a new name

cp $ALIAS_LOCATION/ODS/Games/lib/libDtUt.so
$ALIAS_LOCATION/ODS/Games/lib/libDtUt.so=

3) Copy over the new version of the library

cp libDtUt.so $ALIAS_LOCATION/ODS/Games/lib
```
